Designed and optimized conversational prompts to enhance chatbot efficiency and improve user satisfaction.

EDUCATION

Reva University, Bangalore , India

- Bachelor of Technology in AIML

COMMUNICATION

"In my role as office manager, I've honed strong communication skills through extensive experience in verbal and written interactions with clients, vendors, and team members. I specialize in creating and delivering presentations, handling business correspondence, and ensuring effective communication across all office operations."

LEADERSHIP

In my role, I have consistently demonstrated strong leadership by successfully managing a team of administrative staff, overseeing daily office operations, and providing proactive guidance and support. I excel in setting clear performance expectations, delivering constructive feedback, and addressing challenges promptly and effectively to ensure smooth and efficient workflow.

SKILLS

Proficient Communication

Effective Organization

Strong Leadership

Advanced Problem-Solving

Meticulous Attention to Detail
